

# BAMBANANI

*Holding hands for a better future*

Sisal Earrings

Bambanani is a craft project in eSwatini that works **with** women to **empower** and **uplift** those affected by HIV/AIDS and poverty.

Most of our products are made from recycled materials.

Paper bead jewellery

## Who are you supporting?

All profits go back to the women who make the products. They, in turn, use the money to support their families as well as sick people in their communities.

## Did you know?

Most of the Bambanani ladies are volunteer home-based caregivers in their communities.

All Bambanani products are **handmade** and **unique**, so chances of you finding two of the same are very slim!
